The assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the Property against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Property at the time when the assessment fell due. However, the personal obligation for delinquent assessments shall pass to his successors in title. The Board or its authorized representative may enforce the obligations of the Owners to pay such assessments by commencement and maintenance of a suit at law or in equity, or the Board may exercise the power of foreclosure and sale pursuant to this Declaration to enforce the liens created hereby. A suit to recover a money judgment for an unpaid assessment shall be maintainable without foreclosing or waiving the lien hereinafter provided.

- (2) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above 15% by a majority vote of a quorum of members who are voting in person, by proxy, or by written or absentee ballot at a meeting of the Homeowners.
 - (3) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.
- Section 3. "Limited Assessments" Notwithstanding the above provisions with respect to regular and special assessments, a Board may levy a Limited Assessment against a Member as a remedy to reimburse the Association for costs incurred in bringing the Member and/or such Member's Lot into compliance with the provisions of the governing instruments for Baldwin Park Subdivision.
- Section 4. "Special Assessments for Capital Improvements" In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate by an officer of the Association setting forth whether the assessments on the specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.
- Section 7. "Effect of Nonpayment of Assessments: Remedies of the Association" Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 18% per annum. The Association, or any Owner, may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.
- Section 8. "Right to Enforce" The Association has the right to collect and enforce its assessments pursuant to the provisions of this Declaration.
- Section 9. "Subordination of the Lien to Mortgages." The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien.

However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

STORMWATER DRAINAGE POND

Included within the property known as Baldwin Park Subdivision No. 1, located on Lot 22 Block 4 is a twenty foot (20') irrigation easement for the white drain and a 15' sewer easement, to be maintained by Settlers Irrigation District. If the easement area between the drain ditch and North boundary of easement (rear lot lines of residences), then Baldwin Park Neighborhood Association shall maintain weeds and debris. On Lot 15 Block 4, is a landscape stormwater drainage lot which shall be used for a detention pond/drainage basin in the Baldwin Park Subdivision in which shall be maintained as follows:

Section 1. "'Heavy' Maintenance of Drainage Pond" - "Heavy" maintenance consists of periodically inspecting the drainage pond facility to ensure it is functioning properly; cleaning out the facility piping and mucking out the facility when the sediment level exceeds the designed storage level. All other maintenance shall be referred to herein as "light" maintenance. Ada County Highway District (ACHD) has opted to perform this "heavy" maintenance and shall be allowed by the Owners and the Association to perform this maintenance work. In the event ACHD shall decide not to do such "heavy" maintenance, then the Association shall do so.

Section 2. "Light' Maintenance of Drainage Pond" - The Association shall provide all "light" maintenance of the drainage pond as specified in the MANUAL FOR LIGHT MAINTENANCE. If the Association does not do the required "light" maintenance, ACHD shall have the right to do such maintenance and assess the costs back to the association. This light maintenance shall include the following items:

The maintenance area shall include the entire Lot in which the pond is located. For the various "light" maintenance items involved, periodic inspections are to be made of the pond in addition to any work required in each of the categories below. These inspections shall be done a minimum of once every month.

- (a) Weed Control. In the spring of each year, a herbicide shall be applied to the entire area of the infiltration pit lot. The application shall be in accordance with the manufacturer's requirements. During the periodic inspections, any weeds found shall be removed at the root and disposed of offsite.
- (b) Lawn Care. Since the drainage pond is grassed, fertilizer shall be applied at a rate and interval to keep the grass healthy. Also weekly mowing and grass clipping removal shall be performed to maintain a healthy appearance and working drainage facility.
- (c) Irrigation. Water shall be applied to the grass at a rate that will keep the grass healthy and not interfere with the proper operation of the stormwater drainage pond. Over irrigating must be avoided, as this will cause ponding and deterioration of pond performance.
- (d) Storm Drain Manholes. During the periodic inspections, the inside of the storm drain manholes shall be checked for any accumulated debris or trash. Any debris or trash shall be removed and disposed offsite.
- (e) Trash Cleanup. During the periodic inspections, any trash found within the boundary of the Pond Lot shall be collected and disposed of offsite.

- (f) Bank Stability. During the periodic inspections, the banks of the pond shall be checked for any water spots, water entering the pond from adjacent lots, rodent holes, and bank erosion. If any serious problems are found, the homeowner's association shall contact a licensed earthwork contractor to make the necessary repairs to the pond.
- (g) Inspection and cleaning of pipes. After a rainstorm, the stormwater pipes shall be inspected to ensure they drain the sediment traps. In the event that a pipe does not drain or flooding occurs in the street at the sediment trap locations, the Homeowner's Association shall have the pipes cleaned by a certified pipe inspection and plumbing service. In the event that a drainage pipe is broken or needs to be replaced, the Homeowner's Association shall contact a licensed underground pipe contractor to do the necessary construction.
- Section 3. "Operation and Maintenance Manual for Storm Drainage for Baldwin Park Subdivision" The neighborhood association must follow the practices and procedures as outlined in the Operation and Maintenance Manual for Storm Drainage for the Baldwin Park Subdivision.
- Section 4. "Proposed Changes" Any proposed changes to the drainage pond, or any other documents related to the storm water drainage system previously approved by the ACHD, requires concurrence by the ACHD prior to making such changes. See Article II, Section 10 "Landscaping" for landscaping requirements along the rural section road.
- Section 5. "Association Failure to Maintain: ACHD Remedies": In the event that ACHD determines, in its sole discretion, that the Association is not adequately maintaining the infiltration pits, then ACHD shall, before undertaking maintenance of said common area, provide written notice if its intention to begin maintenance within a thirty (30) day period, within which time frame the Association may undertake to initiate and conclude all maintenance defects as identified by ACHD. In the event that the Association shall fail to commence and conclude maintenance of the infiltration pits to the extent said items of specific maintenance are identified by ACHD within the prescribed thirty (30) days, then in that event, ACHD may begin to undertake such maintenance. ACHD is hereby granted an irrevocable license and easement to enter upon any portion of the common area to perform such inspection and maintenance of the infiltration pits.

Should ACHD engage in maintenance of the defined common area or facility after having provided notice to the Association and having provided the Association an opportunity to undertake said maintenance, ACHD shall first bill the Association and if such bill shall not be paid within sixty (60) days, then ACHD shall be entitled to and empowered to file a taxable lien against all lots within the subdivision with power of sale as to each and every lot in order to secure payment of any and all assessments levied against all lots in this Subdivision pursuant to the Declaration as if said had been performed by the Association, together with interest at the rate which accrues on judgements thereon and all costs of collection which may be paid or incurred by ACHD.

The Association shall not be dissolved or relieved of its responsibility to maintain the defined common area and facilities contained therein without the prior written approval from ACHD.

The Association and all Lot Owners, by accepting title to a Lot, agree that all Lot Owners within this Subdivision are benefited property owners of such maintenance.

Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the Person who was the Owner of such Property at the time when the assessment fell due. However, the personal obligation for delinquent Assessments shall pass to his successors in title. The Board or its authorized representative may enforce the obligations of the Owners to pay such Assessments by commencement and maintenance of a suit at law or in equity, or the Board may exercise the power of foreclosure and sale pursuant to this Declaration to enforce the liens created hereby. A suit to recover a money judgment for an unpaid assessment shall be maintainable without foreclosing or waiving the lien hereinafter provided.

<u>Section 2.</u> **"Regular Assessments" -** All Owners, including Declarant, are obligated to pay regular Assessments to the Treasurer of the Association on a schedule of payments established by the Board. See Section below "Maximum Annual Assessments" for the amount of the assessment.

(a) "Purpose of Regular Assessments" The proceeds from Regular Assessments are to be used to pay for all costs and expenses incurred by the Association including legal and attorneys fees and other professional fees, for the conduct of its affairs, including without limitation the costs and expenses of construction, Improvement, utilities, protection, maintenance, repair, management and operation of the Common Area, including all iImprovements located on such areas owned and/or managed and maintained by the Association, and an amount allocated to an adequate reserve fund to be used for repairs, replacement maintenance and Improvement of those elements of the Common Area, or other Property of the Association that must be replaced and maintained on a regular basis (collectively "Expenses").

- (b) "Maximum Annual Assessment" For the year 2003, the maximum assessment shall be four hundred and No/100 dollars (\$400.00 per year) per Lot prorated to the end of the calendar year and billed annually, quarterly, or as otherwise decided by the Association.
- (1) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased each year not more than 15% above the maximum assessment for the previous year without a vote of the Membership.
- (2) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may be increased above 15% by a majority vote of a quorum of Members who are voting in Person, by proxy, or by written or absentee ballot at a meeting of the Homeowners.
 - (3) The Board of Directors may fix the annual assessment at an amount not in excess of the maximum.
- Section 3. "Limited Assessments" Notwithstanding the above provisions with respect to Regular and Special Assessments, a Board may levy a Limited Assessment against a Member as a remedy to reimburse the Association for costs incurred in bringing the Member and/or such Member's Lot into compliance with the provisions of the governing instruments for Baldwin Park Subdivision.
- Section 4. "Special Assessments for Capital Improvements" In addition to the annual Assessments authorized above, the Association may levy, in any Assessment year, a Special Assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair, or replacement of a capital Improvement upon the Common Area, including fixtures and personal Property related thereto, provided that any such Assessment shall have the assent of two-thirds (2/3) of the votes of each class of Members who are voting in Person or by proxy at a meeting duly called for this purpose.
- Section 5. "Uniform Rate of Assessment" Both annual and Special Assessments must be fixed at a uniform rate for all Lots in each class of Membership and may be collected on a monthly, quarterly, or annual basis at the discretion of the Board.
- Section 6. "Date of Commencement of Annual Assessments: Due Dates" The annual Assessments provided for herein shall commence at the time of the conveyance of each Lot to an Owner. The first annual Assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual Assessment against each Lot at least thirty (30) days in advance of each annual Assessment period. Written notice of the annual Assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate by an officer of the Association setting forth whether the Assessments on the specified Lot have been paid. A properly executed certificate of the Association as to the status of Assessments on a Lot is binding upon the Association as of the date of its issuance.
- Section 7. "Effect of Nonpayment of Assessments: Remedies of the Association" Any Assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 18% per annum. The Association, or any Owner, may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Property. No Owner may waive or otherwise escape liability for the Assessments provided for herein by non-use of the Common Area or abandonment of his Lot.
- Section 8. "Right to Enforce" The Association has the right to collect and enforce its Assessments pursuant to the provisions of this Declaration.
- Section 9. "Subordination of the Lien to Mortgages." The lien of the Assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof shall extinguish the lien of such Assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any Assessments thereafter becoming due or from the lien thereof.
- <u>Section 10</u>. **"Property Exempt from Assessments"** The following Property subject to this Declaration shall be exempt from the Assessments created herein:
 - (a) All properties expressly dedicated to and accepted by a local public authority.
 - (b) Any local properties owned by the Association.
 - (c) Any properties owned by the Declarant.

ARTICLE VIII

STORMWATER DRAINAGE FACILITY

Included within the Property known as Baldwin Park Subdivision No. 1, located on Lot 22 Block 4 is a twenty foot (20') irrigation easement for the White Drain to be maintained by Settlers Irrigation District. If the easement area between the drain ditch and North boundary of easement (rear Lot lines of residences) is not maintained, then the Association shall maintain weeds and debris. On Lot 15 Block 4 is a landscape stormwater drainage Lot which shall be used for a detention pond/drainage basin in the Baldwin Park Subdivision in which shall be maintained as follows:

Section 1. "'Heavy' Maintenance of Drainage Pond Facility" - "Heavy" maintenance consists of periodically inspecting the drainage facility to ensure it is functioning properly; cleaning out the facility piping and mucking out the facility when the sediment level exceeds the designed storage level. All other maintenance shall be referred to herein as "light" maintenance. Ada County Highway District (ACHD) has opted to perform this "heavy" maintenance and shall be allowed by the Owners and the Association to perform this maintenance work. In the event ACHD shall decide not to do such "heavy" maintenance, then the Association shall do so.

Section 2. "Light' Maintenance of Drainage Pond Facility" - The Association shall provide all "light" maintenance of the drainage facility as specified in the MANUAL FOR LIGHT MAINTENANCE. If the Association does not do the required "light" maintenance, ACHD shall have the right to do such maintenance and assess the costs back to the Association. This light maintenance shall include the following items:

The maintenance area shall include the entire Lot in which the drainage facility is located. For the various "light" maintenance items involved, periodic inspections are to be made of the drainage facility in addition to any work required in each of the categories below. These inspections shall be done a minimum of once every month.

- (a) Weed Control. In the spring of each year, a herbicide shall be applied to the entire area of the infiltration pit lot. The application shall be in accordance with the manufacturer's requirements. During the periodic inspections, any weeds found shall be removed at the root and disposed of offsite.
- (b) Lawn Care. Since the drainage facility is grassed, fertilizer shall be applied at a rate and interval to keep the grass healthy. Also weekly mowing and grass clipping removal shall be performed to maintain a healthy appearance and working drainage facility.
- (c) Irrigation. Water shall be applied to the grass at a rate that will keep the grass healthy and not interfere with the proper operation of the stormwater drainage facility. Over irrigating must be avoided, as this will cause ponding and deterioration of the drainage facility performance.
- (d) Storm Drain Manholes. During the periodic inspections, the inside of the storm drain manholes shall be checked for any accumulated debris or trash. Any debris or trash shall be removed and disposed offsite.
- (e) Trash Cleanup. During the periodic inspections, any trash found within the boundary of the drainage facility Lot shall be collected and disposed of offsite.
- (f) Bank Stability. During the periodic inspections, the banks of the drainage facility shall be checked for any water spots, water entering the drainage facility from adjacent Lots, rodent holes, and bank erosion. If any serious problems are found, the Association shall contact a licensed earthwork contractor to make the necessary repairs to the drainage facility.
- (g) Inspection and cleaning of pipes. After a rainstorm, the stormwater pipes shall be inspected to ensure they drain the sediment traps. In the event that a pipe does not drain or flooding occurs in the street at the sediment trap locations, the Association shall have the pipes cleaned by a certified pipe inspection and plumbing service. In the event that a drainage pipe is broken or needs to be replaced, the Association shall contact a licensed underground pipe

contractor to do the necessary construction.

Section 3. "Operation and Maintenance Manual for Storm Drainage for Baldwin Park Subdivision" The neighborhood Association must follow the practices and procedures as outlined in the Operation and Maintenance Manual for Storm Drainage for the Baldwin Park Subdivision.

Section 4. "Proposed Changes" – Any proposed changes to the drainage facility, or any other documents related to the storm water drainage system previously approved by the ACHD, requires concurrence by the ACHD prior to making such changes. See Article II, Section 10 "Landscaping" for landscaping requirements along the rural section road.

Section 5. "Association Failure to Maintain: ACHD Remedies": - In the event that ACHD determines, in its sole discretion, that the Association is not adequately maintaining the infiltration pits, then ACHD shall, before undertaking maintenance of said Common Area, provide written notice if its intention to begin maintenance within a thirty (30) day period, within which time frame the Association may undertake to initiate and conclude all maintenance defects as identified by ACHD. In the event that the Association shall fail to commence and conclude maintenance of the infiltration pits to the extent said items of specific maintenance are identified by ACHD within the prescribed thirty (30) days, then in that event, ACHD may begin to undertake such maintenance. ACHD is hereby granted an irrevocable license and easement to enter upon any portion of the Common Area to perform such inspection and maintenance of the infiltration pits.

Should ACHD engage in maintenance of the defined Common Area or facility after having provided notice to the Association and having provided the Association an opportunity to undertake said maintenance, ACHD shall first bill the Association and if such bill shall not be paid within sixty (60) days, then ACHD shall be entitled to and empowered to file a taxable lien against all Lots within the Subdivision with power of sale as to each and every Lot in order to secure payment of any and all Assessments levied against all Lots in this Subdivision pursuant to the Declaration as if said had been performed by the Association, together with interest at the rate which accrues on judgements thereon and all costs of collection which may be paid or incurred by ACHD.

The Association shall not be dissolved or relieved of its responsibility to maintain the defined Common Area and facilities contained therein without the prior written approval from ACHD.

The Association and all Lot Owners, by accepting title to a Lot, agree that all Lot Owners within this Subdivision are benefited Property Owners of such maintenance.

IN WITNESS WHEREOF, the undersigned, being the day of January, 20 03.	e Declarant herein, have executed this instrument on this
